

Green Peel Herbal Peeling The Herbal Deep Peeling is medically developed skin rejuvenation, using only pure natural plant ingredients. The preparation is a compound of only natural enzymes without chemical additives. It increases the blood circulation of the skin and causes the upper layer of the skin to peel off.

- Skin impurities
 - Enlarged pores
 - Prematurely aging skin
 - Wrinkles
 - Scars
-
- Stretch marks
 - Cellulite
 - Diminished elasticity of the stomach, upper arms and thighs
